

# **2023 Annual Supervisor Drug and Alcohol Reasonable Suspicion Training**

**Minert & Associates** is pleased to announce cities and dates for our annual supervisor drug and alcohol reasonable suspicion training. Anticipated addresses and times are listed below but some are still to be determined. All supervisors are invited to attend whether they supervise DOT or NonDOT employees.

Attendees are asked to register by email as soon as possible before the event. If a scheduled session is not in close proximity then Minert has online options also available. Company specific trainings for large groups, regardless of location, can also be coordinated upon request.

Sessions will be conducted by Garrett Goodwin who has been with Minert for over 10 years. He has extensive experience in drug/alcohol testing and training for both supervisors and collectors. After completing the course you will be able to;

- Describe the regulations that apply to reasonable suspicion testing, including the alcohol and drug prohibitions.
- Identify the steps in the reasonable suspicion process and explain how to successfully execute each step.
- Recognize the signs and symptoms of alcohol abuse and drug use and describe what to look for when determining reasonable suspicion.

**This class fulfills the DOT requirement found in CFR 382.603 that a supervisor receive training before they can require an employee to be tested for reasonable suspicion.**
